Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

As per claims 1 and 16, it was not found to be taught in the prior art of hashing game data/program to produce a resulting hash value and comparing that against a reference hash value using a continuously executing thread during play/execution of a

computerized wagering game apparatus to ensure that the game data/program has not changed since calculation of the reference hash value.

As per claim 39, it was not found to be taught in the prior art of generating a message digest from the gaming program code and comparing the message digest with a gaming program code signature to verify that they are identical wherein the authentication program is continuously executing by a continuously executing program thread executing during play of the computerized wagering game apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
